

COLLEGE WRESTLING IN TEXAS!!!!!!!

West Texas A&M University in Canyon, Texas is SERIOUSLY considering a wrestling program for the 2010 season. The program will be for both men and women. The W.T. Buffaloes are a highly competitive Division II school located 15 mi. South of Amarillo. They want to do it right with a winning program and also offer full scholarships.

Athletic director Michael McBroom is looking at hiring a Coach for next year (2009-10) to begin recruiting, scheduling, and organizing for the competitive season of 2010-2011. Their goal is to eventually have the program endowed with \$250,000. To begin the wrestling program at W.T. is in no way contingent on raising the \$250,000. However if we can show W.T. that as a State we can raise a portion of the endowment goal we can almost assure the wrestling community that Texas will have a competitive NCAA wrestling program in 2010.

Wrestling supporters from all over Texas have already raised over **\$30,000**. If we can raise as much as \$50,000 to go toward an endowment fund we feel certain it will close the deal for hiring the coach and getting the program started. We would like to reach this goal by the end of September.

We need your help!

If you know any individual or business that would be willing to make a commitment to the endowment fund, **CONTINGENT ON THE ACTUAL IMPLEMENTATION OF THE PROGRAM**, please ask them to help us out.

This could be a chance to really put Texas wrestling on the National map and help our Texas kids. Out of state tuition has kept many of our Texas wrestlers from pursuing their college dream. W.T. is a great school and this may be one of the best things we could ever do for Texas wrestling.

Please let me know your thoughts and let's move forward with this project. Simply send me an e mail with the amount of commitment and I will file it and present it to the A.D. at W.T. at the end of September.

Yours in Wrestling,
